# How your Lemonade Stand Helps Pets

Every cup of lemonade purchased at your lemonade stand helps quench more than just thirst – it helps provide vital care and a second chance for countless animals at Young-Williams Animal Center. Your generosity directly impacts the lives of pets in our community.

**\$60 can provide low-cost spay /neuter surgeries for 1 cat.**

**\$100 can provide microchipping for 10 pets.**

**\$300 can provide a day of care for 8 animals.**

**\$500 can provide low-cost spay/neuter surgeries for 5 dogs.**

**\$1,000 can provide overall care in our Furry Friends program for 3 pets.**

# Lemonade Recipe

**Yields:** About 4-6 servings **Prep time:** 10 minutes

## Ingredients:

- 1 cup fresh lemon juice (about 4-6 lemons)
- 1 cup granulated sugar
- 4-5 cups cold water
- Ice cubes
- Optional garnishes: Lemon slices, fresh mint sprigs

## Equipment:

- Large pitcher or bowl
- Measuring cups
- Lemon squeezer (manual is best for kids)
- Stirring spoon

## Instructions:

1. **Adult Step:** Prepare the Lemons. Carefully cut the lemons in half.
2. **Squeeze the Lemons:** Place a lemon half on the lemon squeezer and squeeze firmly to get all the juice into a measuring cup. Kids can help with this part! Aim for 1 cup of juice.
3. **Make the Simple Syrup (Adult Supervision Recommended):** In your pitcher or bowl, combine the 1 cup of sugar with 1 cup of hot water (adults should handle hot water). Stir well until the sugar completely dissolves. This makes a "simple syrup" which helps the sugar mix easily without gritty bits.
4. **Combine Ingredients:** Pour the fresh lemon juice into the pitcher with the simple syrup.
5. **Add Cold Water:** Add 3-4 cups of cold water to the pitcher. Start with 3 cups, taste, and add more if you prefer it less tart.
6. **Stir Well:** Stir everything together until it's all mixed up!
7. **Serve:** Fill glasses with ice cubes and pour in your delicious homemade lemonade. Add a lemon slice or mint sprig for a fancy touch!
